CHICAGO BEATS BROOKLYN.

AUPERBAN WINNING STREAK STOPPED

Hanlon's Lead Cut Down to 111 Points, as Boston Wins at Pittsburg-New York Defeats Tail-Enders Cincinnati, Louisville and Philadelphia Get There Notes In a closely contested game the Brooklyns were beaten by the Chicagos yesterday and had their lead reduced to 111 points as the Bostons won at Pittsburg. The Philadelphias outplayed the St. Louis team and now have a firm grip on third place. Chicago and St. Louis are tied again for fourth place, although the Baltimores, who dropped a ball to the Cincinnatis, are close behind. The New Yorks had

ville defeated and passed the Washingtons. The results: Chicago, S. Brooklyn, 2. New York, S. Claveland, 2. Cincinnati. 8: Baltimore, 8. Boston, 4: Pittsburg, 2. Louisville, 8: Washington,

lyn aggregation proved a potent drawing card this afternoon, and the crowd of at least 8,000 enthusiastic ball fans saw the leaders in the one of the fastest and most exciting games played in these parts this season. The result of the game was really in doubt until the last man had been retired in the ninth inning, and although defeated the visitors were by no means disgraced, for they played the fastest kind of ball to the finish, and apparently

NEW YORK, S; CLEVELAND, 2.

CLEVELAND, O., June 23.—The 100 personal present at the opening game of the Cleveland-New York season dozed and went to sleep, so highly exciting was the contest. New York won because it did not play so poor a game as did Cleveland. The players on both teams had periodical transes. The Cleveland team went to sleep when the game began and did not wake up until the contest was over. Bates, the boy twirler, was sent in to pitch for Cleveland and developed a habit of giving bases on bails at angles when such gitts were disastrous. Doheny, like every other pitcher who is any good at all, had the Clevelands at his mercy all of the time. For the first time this season Schreckengost could not throw to see ond and the men from Harlem stole at will. Some of the visitors' hits were clean, long and hard. Van Haltren's catch of Dowd's long fly was the fleiling feature. George Davis did excellent work at short, nipping several sure hits. The score:

PITTSBURG, June 28.—In the seventh inning feeday, when the score was a tie, Collins out, Duffy at third and two strikes called on Frisbee, Manager Selec of the champions each Staffoul to but. The substitute hit the first pitched ball to centre, scoring Duffy. Two more hite followed, scoring another run. In this inning O Brien was sent to the beard again by Assistant I more Connelly for objecting to a decision. The champions batted scientifically and Pittsburg's infielders had to work bard to keep the score down. The score:

To the Entron of The Sen-Net: As you published in The Sens of Thursday the score of the game between the State Hospital team and Orange A. C., 15 to 16 in favor of Orange, will you kindly give this space. The score, so far as It goes, is correct, but the manager of the Orange A. C. called his men from the held on account of an erroneous decision by the umptre in the ninth luning, with the Hospital team at the last, a man on first, a man on second and no one out, and a fair prospect of winning the game or at least haking if a tie. Our half of the inning was therefore not played and the game was not missed. Technically, the game was forfeited to the Hospital team by the score of 9 to 0.—Eliot Gorton, Manager of New Jersey State Hospital Field Club.

Murphy is so well satisfied that he can follow the engine for a which make a considerable difference in the weights of the sixteen named last night as mile in sixty seconds that he deems the hazardprobable starters. John Daly's His Royal Highness will have to shoulder 129 pounds, while David Garrick, Radford, Withers and Erwin get in at 115, and Brigadier at 112 pounds. All the other candidates are set to carry regulation stake weight. The race was instituted in 1891, and forms a tort of index to two-year-old rading, the roll of honor up to date including such noted names as His Highness, the Alice Brue colt, Domino, Waltzer, Handspring, Winged Poot, Hamburg and Jean Heraud, son of the first winner. It will be interesting to note whether the blood of His Highness willingain assert itself this afternoon, either through the medium of Erwin or the top weight. Nearly all the prominent horsemen in the country have representatives on the eligible list, and the form shown will be earerly watched, especially by turinnen identified with the breeding and development of the thoroughbred. Next in importance to the big two-year-old test comes the Sheepshead Bay Handican of \$1,500, for three-year-olds and upward, at one mile. Among the nine acceptances, the Saburban winner. Imp. is set to carry the top weight of 125 pounds. Bendoran, who beat her at sprinting the other day, gets in at two pounds less, and the handlenpper rates St Cloud as next best. Kinnikine, George Reene, Bangle and Candle Black form the middle division, while the successful three-year-old Fly-by-Night is weighted at 108 pounds. Should all face the starter, a race of little less interest than the Suburban is anticipated. In addition to these specialties there are two handleaps, one a highweight sprint on the flat and the other a steeplechase over the full course. All the events have filled well, and, as weather and track conditions promise to be perfect, the sport should bring out a large half-holiday crowd. Following are the entries:

The dust is lighter on the country roads than t has been for weeks, and the riding condi-ions for to-morrow, as reported by the State division of the L. A. W., are excellent. East 138th street, from Madison avenue bridge to the Third avenue bridge, is in a dangerous condition. Lenox avenue is being repaired. With reference to the condition of Richmond Terrace between Snug Harbor and Livingston the chief engineer of the borough, H. P. Morrison, reports that the Staten Island Electric Railroad Company is repairing between their tracks and two feet outside of their rails, and as soon as the necessary stone can be obtained these repairs will be completed. To avoid this bad pot riders should take Livingston place from the Terrace to Davis avenue and then ride one block to the Terrace again. This is really the natural and shortest road between these points. All Long Island roads, both macadam and country, are in good condition. The dust is very light, and in most sections the riding has been so heavy that fine sidepaths exist

The big feature for to-morrow will be the summer outing of the Associated Cycling Clubs of New York, which will take the form of a parade run from the Park circle to the Ninetr-ninth Street Ferry, and a shore dinner at College Point. About 1,000 riders are expected to participate. The clubs that have agreed to be on band with from 25 to 150 members are as follows: Bowling Green W., Calamet Cyclers, Century W., Chelses, W., Empire State C.C., Greenwich W., Har-lem W., Lanthe W., Madison W. Metropolitan P-erclet Unit, Morris W., Pontiac W., Prospect W., Rich-mond County W., Hiverside W., Royal Arcanum W., and Triumph W. First Race-For two-year-olds selling: \$650 added the Futurity course.

The clubs will start from Fifty-eighth street and Eighth avenue at 10 o'clock in the morning. It will not be a formal parade, but a general order of march will be observed. The route will be to Fifth avenue and then up to Ninety-ninth street.

Some riders complain of not being able to ride "hands off," and blame it to the construction of the wheel. Riding in this fashion is an accomplishment that should not be practiced, but one that it is well to possess. These who blame the wheel for their inability will in many cases find that it is the fault of their position. It is difficult to ride without having hold of the bars when the rider has a forward position. It is difficult to ride without having hold of the bars when the rider has a forward position, and many riders favor this. By outting the saddle way back on the seat post and sitting upright, throwing the weight backward as much as possible, what has before been difficult will become easy. The position of the rider's weight, makes the greatest difference in the way a wheel steers, but few riders appreciate the fact. A wise dealer made a profitable use of this knowledge the other day. An Englishman, who was seeking a wheel to purchase, told him that he had been trying one of a certain make, but did not like it at al. because he could not ride "hands off." He complained that he had found the same fault with all American wheels, and he did not like a machine to be so wabbly. The dealer noted the man's position on the wheel he had brought from England with him, and had one of his men fix up a wheel with the saddle way in the rear. Without explaining he asked the man to try it, with the result that the wheel was sold on the spot. The forward nosition has become so popular that dealers send wheels out fixed for it, and riders are bothered because the machine seems unsteady, which is a mistake. Fourth Bace-The Sheepshead Bay Handicap of \$1,500; for three-year-olds and over; one mile on the main track:

The club runs for to-morrow will be considerably affected by the joint run and dinner of the associated organizations of New York. The double century of the Manhattan Bicycle Club will start from Bedford Fountain this evening, and as two clubs, the Amphon W. and the Waverly B. C., will have moonlight runs over Long Island roads, starting at about the same time as the century, the might promises to be a lively one on the popular course. Some of the Sanday runs scheduled are:

BRISK BIDDING FOR YEARLINGS. Several Lots Disposed Of at Good Prices Yesterday.

A racy looking assortment of thoroughbred yearlings attracted many clever horsemen to the Easton Company's paddocks at Sheepshead Bay yesterday afternoon. The youngsters were the produce of the Dixiana, Preakness, Spendthrift. Stonewall, Sunny Slope, Patmos and Hartland Studs and they changed hands rapidly under the hammer, especially when the gems of the sale were trotted out. For their lot of twenty from Dixiana, Thomas & Gardner secured \$17,895, an average of better than \$803, for which three colts were mainly responsible. The pick of these was a dashing chestnut colt by imported Masetto-Quesal, for which the most persistent bidders were M. F. Dwyer and Foxhall P. Keene. The latter secured the prize for the round sum of

GALA DAY FOR ARCANUMITES. They Celebrate Their Twenty-second Anniversary at Ulmer Park.

"Royal Areanum day" was fittingly celebrated by the united councils of this city yesterday at Ulmer l'ark. There was a programme of exceptionally fine vaudeville in the Casino, dancing afternoon and evening, sporting events, embracing cycle racing, field and track games and rowing and yacht races. The day concluded with a display of fireworks. The big park on both sides was thrown open to the embers of the order and their guests, and at night the arrival of many strolley-car parties. with fireworks and illuminations galors, made the scene an interesting and festive one.

The sports were well handled by Harry A. Kerr, the Crescent A. C. superintendent. Arthur G. Morris, captain of the Royal Arcanum Wheelmen, looked after the bicycle races, T. C. Giddings managed the fleld events, F. G. Ashley was Chairman of the Bowling Committee and Past Regent John T. Ryan was Chairman of

the Aquatic Committee. Thomas W. Kelley, Chairman of the Celebration Committee, said at the close of the sporting programme that over 15,000 persons had participated in the celebration of the twentysecond anniversary of the organization. The proceedings began at the tomb of the late Grand Regent of the State of New York, Justin M. Price, where the members and guests of Justin F. Price Council and every council in New York and Brooklyn assembled at the corner of Gladiolus path and Borden avenue to do honor to the memory of the dead chief who did such great work for the order. Speeches were delivered by the visiting grand and su preme officers and floral offerings were placed preme officers and floral offerings were placed on the temb from Brooklyn Council, Justin F. Price Council, the Royal Arcanum Outing Club and the Royal Arcanum Day Celebration Committee. Then the party proceeded by the parlor car Columbia to Ulmer Park, where the sports were decided.

A heavy casterify wind ruffled the water so much that many of the aquatic events had to be abandoned. Louis F. Johnson, Jr., of Nassau Council, No. 822, was the oright star of the day, winning three events. Summaries:

CYCLE TRUST MATTERS. Details Said to Have Been Completed and

While nothing has been announced officially it is generally understood in the trade that the American Bieyele Company, which has been known as the "Cycle Trust," has taken defi-nite shape. Preliminary details have been arranged, and the various parties who were out of tune with the scheme have been satisactorily dealt with and all differences settled. Some secret conferences were held on Thursday and vesterday, and it is believed that all the officers were settled upon. C. H. Dickerson of Chicago was elected Secretary. It is surmised that A G. Spalding will be President, but the only information obtainable is through small 'leaks" on the part of one or two of the makers who have attended the conferences. The leaders will say nothing except that a full official statement will be given out in a few days. The financial underwriters were consulted by a committee on organization, among the members of which were R. L. Coleman. R. Philip Gormully, A. A. Pope, C. L. Ames, A. L. Garford, H. A. Lozier, A. R. Peck, J. W. Kiser, M. M. Johnson, R. S. Crawford, A. Featherstone and A. R. Peck. Committees have been appointed on manufacture, on domestic sales and on foreign sales. A circumstance that leads to the conclusion

that everything is finally arranged was the departure for Chicago yesterday of James Hart, who has been with A. G. Spalding constantly since the deal began. It is believed that the manufacturers who have been in the city for two days are here to prove titles and turn over stock. Some weeks ago it was stated in THE SUN that there would be only about twenty-five manufacturers in the trust when it was launched and the list was pub when it was induced and the list was full-lished. The latest information confirms this statement, and only a couple of changes have been made in the list since that time. The makers who it is said will launch the enter-prise number twenty-four, as follows:

makers who it is said with another the prise number twenty-four, as follows:

Western Wheel Works, Chicago; Pope Manufacturing Company, Hartford; H. A. Lozier & Co., Cheveland; A. Featherstone & Co., Chicago; Gormully & Jeffery Manufacturing Company, Chicago; Gormully & Jeffery Manufacturing Company, Chicago; Crawford Manufacturing Company, Indianapolis A. D. Medselbach, Milwauhere tienesa Cycle Company, Geneva O., Acme Manufacturing Company, Reading Pa. Commun Bicycle Company, Commbus O. Facil Bicycle Manufacturing Company, Torrington, Conn. Barnes Cycle Company, Syracuse; White Sewing Machine Company, Syracuse; A. O. Spalding & Bros., New York: Fay Manufacturing Company, Hyria, O. Black Manufacturing Company, Erie, Pa. Grand Rapids Cycle Company, Grand Rapids; Sterling Cycle Werks, Kenosha, Wis. E. C. Stearns & Co. Syracuse Shelly Cycle Manufacturing Company, Chicago, and Viking Manufacturing Company, Chicago, an Resides these there will be in the concert

Besides these there will be in the concern makers of tires, wood rims, saddles, chains, steel balls and parts and stampings so that the scheme will be complete as far as being a combination representing makers of every component part of a whoel is concerned. The firms representing these materials number eight, as follows:

American Saddle Company, Cleveland; Indianapolis Chain and Stamping Company, Cleveland Machine Serew Company dealle, Hariford Rubber Works, and Indiana Rubber Works dries, Indianapolis C., Smith & Sons, Milwauker O, L. Thompson Company (parts and stampings), Chicago: Indiana Novelty Manufacturing Company (wood rims, Plymouth, Ind. As the American Saddle Company operates six plants the total number of separate concerns in the combine will be thirty-seven. There may be one or two names yet to be added to this list.

The aggregate output of the combine will be 605,000 bicycles, while the estimated demand of the present year is 1,000,000. It is said that

605,000 bicycles, while the estimated demand of the present year is 1,000,000. It is said that the new company will not attempt to control the trade, at least not at first, but it is conceiled that it may from time to time buy in concerns that develop sharp competition.

There has been a rumor that a Syracuse concern is organizing an opposition to the combine, but as yet nothing definite has developed. All of the men interested in the combine seem happy and confident of its complete success. A Pennsylvania Team for the Olympic

PHILADELPHIA, June 23.-It is the intention of the University of Pennsylvania to enter a team next year in the Olympian games at the World's Fair in Paris and also in the English championships. This announcement was made to-day by H. Laussat Geylin, President of the athletic association.

CHICAGO, June 23.—Hanlon's all-star Brook-League race defeated by the Rough Riders in

kind of bail to the finish, and apparently outclassed the Chicagos both in the field and at the bat. Still Bill I Dahlen, the former captain of the Chicago team, who has been playing sensational bail for Brooklyn since the opening of the season, received a warm welcome and numerous gifts. Aside from the floral offering Pahlen was presented with a \$5.00 diamond stud from certain Chicago admirers, a pair of diamond cuff buttons from members of the Chicago team, and a purse of money. Dahlen was plainly affected by the demonstrative greeting of his old friends and the gifts. As a result he did nothing sensational either at the bat or in the field, but his general work at short was effective and pleased the crowd. The game proved to be a pitcher's battle between Callahan and Dunn, and the latter carried off the honors, although he failed to win his game. The score:
